Condensed interim financial statements for the three-month and nine-month periods ended 30 September 2022 and Independent auditor's review report

# **Independent Auditor's Report on Review of Interim Financial Information**

#### To the Board of Directors of JSP Pharmaceutical Manufacturing (Thailand) Public Co., Ltd.

I have reviewed the accompanying consolidated and separate statements of financial position of JSP Pharmaceutical Manufacturing (Thailand) Public Co., Ltd. and its subsidiary (the "Group"), and of JSP Pharmaceutical Manufacturing (Thailand) Public Co., Ltd. (the "Company"), respectively, as at 30 September 2022; the consolidated and separate statements of comprehensive income for the three-month and nine-month periods ended 30 September 2022, the consolidated and separate statements of changes in equity and cash flows for the nine-month period ended 30 September 2022; and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

#### Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

These English language interim financial statements have been prepared from the Thai language interim financial statements, and were approved and authorised for issue by the Board of Directors on 14 November 2022.

#### **1** Basis of preparation of the interim financial statements

The condensed interim financial statements are presented in the same format as the annual financial statements and prepared its notes to the interim financial statements on a condensed basis ("interim financial statements") in accordance with Thai Accounting Standard (TAS) No. 34 *Interim Financial Reporting*, guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission. The interim financial statements focus on new activities, events and circumstances to avoid repetition of information previously reported in annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2021.

In preparing these interim financial statements, judgements and estimates are made by management in applying the Company's accounting policies. Actual results may differ from these estimates. The accounting policies, methods of computation and the key sources of estimation uncertainty were the same as those that described in the financial statements for the year ended 31 December 2021.

#### 2 Accounting policies for new transactions and events

The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 December 2021 except during the nine-month period ended 30 September 2022, the Group/Company adopted accounting policies for new transactions and events as follow:

#### (a) Basis of consolidation

The financial statements of subsidiary is included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Intra-group balances and transactions, and any unrealised income or expenses arising from intra-group transactions, are eliminated on consolidation. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

#### (b) Investment in subsidiary

#### **10** Segment information and disaggregation of revenue

Management determined that the Group/Company has two reportable segments which are the Group's strategic divisions for different products, and are managed separately because they require different technology and marketing strategies. The following summary describes the operations in each of the Group's reportable segments.

Segment 1 Manufacture and distribution of products under customer's brand name (OEM)

Segment 2 Manufacture and distribution of products under the Company's brand name (Own brands)

Other segments include revenue from sales of goods and service. None of these segments meets the quantitative thresholds for determining reportable segments in 2022 or 2021.

Each segment's performance is measured based on segment operating profit, as included in the internal management reports that are reviewed by the Group's CODM. Segment operating profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of segments.

The Group/Company's main revenue is derived from contracts with customers and recognised at a point in time.
